Name of Firm Awarded Contract:

Messrs. NOOSAE COMPANY LIMITED

**Final Contract Price:
(Tax Inclusive)***

Phase 1 – Design Phase – US\$571,849.00
Phase 2 & 3 – Supervision Phase – US\$461,062.50

Contract Duration:

Phase 1 – Ten (10) months from date of contract signing
(Date of Contract Signing, 9th August, 2017)
Phase 2 & 3 – Twenty Four (24) months from commencement
of the supervision assignment

Scope of Contract:

GCAP intends to apply part of the funds for eligible payments for design studies and construction supervision of Rehabilitation of Small Scale Irrigation Schemes that have been identified by Ghana Irrigation Development Authority (GIDA).

The objective of the assignment is to undertake the design (for First Category Schemes) and, upon satisfactory performance, the construction supervision of all six. The assignment is to be divided into three (3) Phases, namely:

- Phase 1 will comprise Preliminary Designs and Detailed Designs and formation of Water User Associations as prescribed by the WUA legislation LI 2230, 2016;
- Phase 2 will comprise the construction supervision of the works and capacity building of the WUAs; and
- Phase 3 will involve post-construction supervision (Defects Liability Period).

There are two (2) categories of schemes for the assignment as follows: the first consists of four (4) schemes that will require both design studies and construction supervision.

The second consists of two (2) schemes for which design studies have been completed but will require design reviews and construction supervision. The two categories are listed below:

First Category: Schemes requiring design studies and construction supervision:

- (a) Sankana Irrigation Scheme.
- (b) Tanoso Irrigation Scheme.
- (c) Kpando Torkor Irrigation Scheme.
- (d) Golinga Irrigation Scheme (added at the request of USAID).

Second Category: Schemes already designed but requiring design reviews and construction supervision:

- (e) Amate Irrigation Scheme.
- (f) Libga Irrigation Scheme (Added at the request of USAID).
